The whole child is the whole point

**Special Educational Needs and  
Disability Policy  
September 2018**

### 1 Definition of Special Educational Needs and Disability (SEND)

- 1.1 'A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Children and young people who have SEND may also have a disability under the Equality Act 2010 - that is... a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities. Children and young people with such conditions do not necessarily have SEN, but there is a significant overlap between disabled children and young people and those with SEN. Where a disabled child or young person requires special educational provision they will also be covered by the SEN definition.' (Code of Practice)

### 2 Legislation and Regulation

- 2.1 This policy is informed by:

- The Equality Act 2010;
- The Children and Families Act 2014;
- SEN and Disability Code of Practice, 0-25 years 2014 (SEND Code 2015) (DFE); and
- The General Data Protection Regulation 2016 (GDPR).

### 3 Principles underlying Practice

- 3.1 The Code of Practice describes the principles that should be observed by all professionals working with children and young people who have SEN and/or disabilities.

Huddersfield Grammar School aims to:

- focus on inclusive practices and removing barriers to learning;
  - identify early the special educational needs of young people;
  - make high quality provision to meet the needs of young people and to ensure equality of opportunity;
  - take into account the views of young people and their families;
  - enable young people and their parents to participate in decision-making;
  - collaborate with partners in education, health and social care where appropriate;
  - ensure that appropriate resources are available for pupils with temporary or long-term special needs; and
  - provide support for teachers to meet the learning needs of all pupils.
- 3.2 The school takes a sympathetic and professional whole-school approach to pupils with SEND.
- 3.3 Pupils with SEND are the shared responsibility of all staff. All staff are expected to have an understanding and awareness of the impact of specific learning profiles on teaching and learning.
- 3.4 To ensure the needs of pupils with SEND are addressed, the Learning Support Team will:
- identify and assess pupils with SEND, and where necessary, refer for further assessment by other professionals such as Educational Psychologists, Specialist Teachers and Therapists;
  - develop and monitor support measures where a need is identified;

## Special Educational Needs and Disability Policy

- develop and update the SEND Register and ensure that these are circulated amongst teaching staff;
- work in close liaison with teaching staff to ensure confidential communication on learning needs and progress of pupils;
- teach pupils according to their specific needs, recognising their particular strengths and learning needs to promote achievement of their academic potential;
- communicate effectively with parents/guardians on the learning needs of pupils, provide a Learning Plan for those pupils on the Learning Support Register and ensure that these are circulated to the staff of specific pupils; and
- collate evidence to support applications for additional funding and access arrangements in examinations.

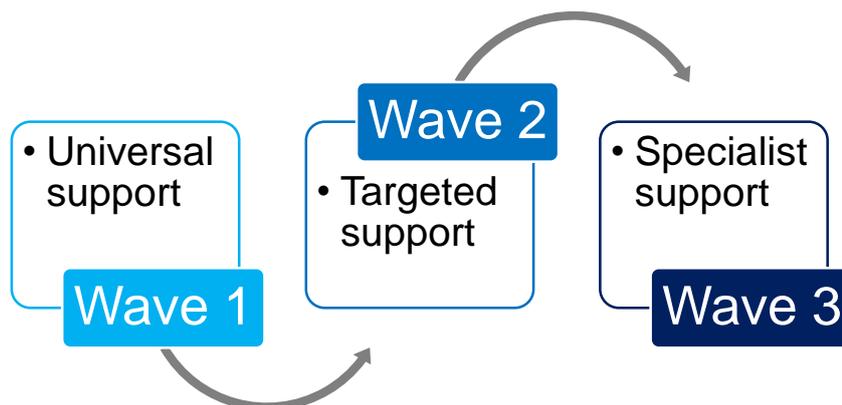

### 4 Identifying Special Educational Needs

- 4.1 Early identification of pupils' needs is the key to unlocking the potential of pupils who may have special educational needs. We adopt a graduated approach to ensure that pupils who do not develop age appropriate knowledge and skills, or who fall behind their peers, are identified as early as possible.
- 4.2 In attempts to understand the learning needs of pupils, we apply the four broad categories of need as set out in the SEN and Disability Code of Practice:

<b>Communication and interaction needs</b>	<b>Cognition and learning needs</b>	<b>Social, emotional and mental health needs</b>	<b>Sensory and/or physical needs</b>
Pupils who experience difficulty with speech, language and communication.	Pupils who learn at a slower pace than their peers, or who have difficulties acquiring skills in a specific area such as literacy. This includes pupils with moderate learning difficulties and severe learning difficulties, requiring support in all areas of the curriculum and participation in school life in general.	Pupils' needs may be manifested in different ways, such as becoming withdrawn or displaying challenging behaviour. These may include being disruptive or self-harming. Pupils who have difficulty paying attention, or forming attachments with adults also fall into this category.	Pupils who require special educational provision because they have a disability that prevents them from accessing the educational facilities that are generally available.

### 5 Categorisation of Students

- 5.1 We use a simple categorisation of students which helps provide a consistent and understood language:

Wave 1 Universal Support	Wave 2 Targeted Support	Wave 3 Specialist Support
<p>It is our firm belief that pupils' needs are best met in the classroom and that, therefore, every teacher is responsible and accountable for the progress and development of all pupils they teach, including those with SEND. At this universal level, we train teachers to deliver high quality teaching, differentiated for individual pupils. We review the progress of all pupils on at least a half-termly basis and make rapid adjustments to support strategies and, where necessary, teachers' understanding of the needs of individual pupils they teach. In addition, we talk to pupils and their parents to gain as full an understanding of their learning needs as possible.</p>	<p>We provide targeted support when we consider it appropriate to make additional short-term special educational provision to remove or reduce any obstacle to a pupil's learning, or to help them catch up when termly data analysis shows they have fallen behind their peers. Such specific, targeted one-to-one or small group interventions may be run outside the classroom, and limited to a number of weeks to minimise disruption to the regular curriculum.</p>	<p>We provide specialist support when we consider it necessary to seek specialist advice and/or regular long-term support from a specialist professional outside the school in order to plan for the best possible learning outcomes for those pupils who fail to make progress in spite of high quality teaching and targeted intervention. This may include assessment and/or support from: an Educational Psychologist, an Assistant Educational Psychologist, a Speech and Language Therapist, a Specialist Dyslexia Teacher, Specialist Sensory Advisory Teachers (for pupils with hearing or visual impairments); an Occupational Therapist; a Physiotherapist; a Therapeutic Learning Mentor; an Arts Psychotherapist; a Psychotherapist or a Counsellor. This is not an exhaustive list.</p>

### 6 The Graduated Approach

- 6.1 Huddersfield Grammar School's approach to identifying and supporting SEN is informed by the SEN Code of Practice 2015, which recommends a graduated response to pupils who may be underachieving, based on a continuous process of assessment, planning and review. The school will make reasonable adjustments to remove barriers to learning or to increase access to all aspects of school life, including academic and extra-curricular activities.
- 6.2 The first response to existing SEN or possible SEN is high quality teaching in subject lessons, using differentiated teaching strategies to target specific difficulties. Teachers use data that has been collected by the school and any available information regarding existing SEN to gain a full understanding of progress and individual needs. Sources of information might include:
- standardised tests (e.g. GL Assessment, CAT4, MidYIS, YELLIS);
  - Educational Psychologist (EP) or Specialist Teacher reports;
  - information from previous schools for new pupils;
  - discussions with parents;
  - observations in lessons;
  - in-class assessments; and
  - discussions with the Learning Support Team.
- 6.3 Subject teachers will implement strategies in response to the picture of need and then review outcomes within a reasonable time frame. Where pupils have not made progress despite this approach, the cycle will begin again but may incorporate further specific interventions such as:
- additional assessment by the Learning Support Team;
  - targeted one-to-one or small group lessons with a specialist in the Learning Support Team to help with literacy, comprehension, study skills, writing skills, or revision techniques;
  - mentoring sessions; and
  - the Learning Support Team may observe lessons and offer advice regarding additional strategies in subject lessons.
- 6.4 Once again, the pupil's progress will be reviewed following these specific interventions and if the desired progress has not been made, the level of support may increase to include liaison with outside agencies such as:
- Educational or Clinical Psychologists, or Psychiatric Assessment;
  - Full Specialist Teacher assessment;
  - CAMHS involvement;
  - EHCP request; and/or
  - GP review.
- 6.5 Using all the information gathered at this stage, the process of applying new strategies and reviewing progress will continue.

### 7 Responsibility for SEN

- 7.1 The SEND Code of Practice makes explicit that 'Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff'. All subject staff are required to be aware of a pupil's specific needs and be prepared to differentiate work appropriately with particular regard to the advice included in the Learning Plan. The Learning Support Team works closely with pupils and parents when reviewing targets and assessing effectiveness of strategies/interventions. In cases where there is a complex need (including pupils who have an Education, Health and Care Plan), reviews may need to include outside agencies/specialists.

### 8 Managing Learning for Pupils on the SEND Register

Provision for children with SEND is a matter for the school as a whole. In addition to the governing body, the Headmaster, the SENCO and all other members of staff have important day-to-day responsibilities. All teachers are teachers of children with special educational needs.

- 8.1 The role of the SENCO (adapted from SEND Code of Practice, 2015)

SEND arrangements are coordinated by the SENCO, whose role includes:

- overseeing the day-to-day operation of the school's SEND Policy;
- coordinating provision for children with SEND;
- liaising with the relevant Designated Teacher where a looked after pupil has SEND;
- advising on the graduated approach to providing SEND support;
- advising on the deployment of resources to meet pupils' needs effectively;
- liaising with parents of pupils with SEND, keeping notes of these meetings;
- liaising with Early Years providers, other schools, Educational Psychologists, health and social care professionals and independent or voluntary bodies;
- being a key point of contact with external agencies;
- being a key point of contact with potential next providers of education, to ensure a pupil and their parents are informed about options and a smooth transition is planned;
- working with the Headmaster and Assistant Director of Education to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements;
- ensuring that the school keeps the records of all pupils with SEND up-to-date;
- carrying out observations and assessments of individual pupils to help support and provide for them;
- liaising with and advising teachers and TAs, managing these where appropriate, offering specialist advice and support so that they can apply targets and make provision for identified pupils;
- coordinating one-to-one and group learning support and, where appropriate, delivering this;
- keeping the Headmaster informed about provision, training needs, pupils' needs and changes to statutory requirements;
- tracking pupils' progress using IEPs when specialist training is deployed, and other records;
- maintaining the school's electronic SEND register and overseeing other records for all pupils with SEND;

- identifying and monitoring areas of need and provision across the school, reporting to the Headmaster;
- advising on the purchasing of appropriate teaching materials to meet the identified needs of particular individuals or groups of children;
- contributing to and promoting in-service training of staff, both in-house and external, as well as networking with SEND coordinators in other Cognita schools;
- ensuring that suitable examination and other assessment arrangements are made for pupils who have difficulties with the usual procedures, ensuring that appropriate resources are made available; and
- managing the Learning Support department.

### 8.2 The role of teachers

Teachers at Huddersfield Grammar School will:

- make regular assessments of progress for all pupils, identifying those making less than expected progress given their age and individual circumstances;
- be responsible and accountable for the progress and development of pupils in their class, including where pupils access support from teaching assistants or specialist staff;
- provide high quality teaching, differentiated for individual pupils;
- where a pupil is making less than satisfactory progress, and in conjunction with the SENCO, make a clear analysis of the pupil's needs, drawing on the teacher's assessment and experience of the pupil, their previous progress and attainment, the individual's department in comparison to their peers and national data, the views and experience of parents, the pupil's own views and, if relevant, advice from external agencies;
- where a pupil is identified as having SEN, continue to provide high quality teaching, differentiated for individual pupils, take account of SEN Support Plans and guidance provided through the SENCO, keep records on the pupil's progress and contribute to SEN Support Plan reviews;
- set and review appropriate/differentiated curriculum targets for the progress of pupils with SEN, with advice from the SENCO where appropriate;
- direct the support from learning support assistants;
- liaise with parents of identified pupils.

### 8.3 The role of the Headmaster

The Headmaster at Huddersfield Grammar School will:

- ensure that the SENCO and other staff have sufficient time allocated to carry out their teaching and administrative roles;
- liaise with the SENCO regularly regarding individual children;
- liaise with the SENCO regarding strategic decisions concerning SEN, including evidence regarding the effectiveness of current policy and practice;
- discuss staff training needs with the SENCO;
- in discussion with the SENCO, arrange sharing of good teaching practice;
- look at resource requests for the Learning Support department; and
- share information on SEN with the school's Assistant Director of Education (ADE).

- 8.4 Where a pupil is identified as making less than expected progress, and in addition to the SEN Register, the pupil is placed on 'alert'. This arrangement seeks to highlight the need for teacher action or intervention. Progress is considered at relevant academic and pastoral meetings, where the cycle of Assess – Plan – Do – Review is deployed.

### 8.4.1 Pupil placed on 'Alert' – Study Support

Prior to pupils being placed on 'alert', the class teacher uses differentiation strategies to meet the individual needs of pupils and keeps short records of this.

A pupil is subsequently placed on 'alert' if staff continue to have concerns about them and are not currently able to manage their learning within the classroom through group work and/or differentiated activities. **It is imperative that parents are informed by the class / form teacher about concerns at the same time as the SENCO and senior leaders are informed.**

At the stage where, despite relevant intervention and review, the child continues to experience difficulties, and with parental permission, a Referral Form (stored on Staff Shared) should be filled in by the class teacher, subject teachers or any adults involved with the child on a regular basis. The Referral Form should be completed electronically and forwarded to the SENCO, who may then discuss it with interested parties and decide on appropriate assessment – once suitable intervention has occurred and evidence has been gathered that, despite appropriate intervention, the child is not making expected progress. The class / form teacher will then inform the parents of the concerns and ask permission for any assessments that have been deemed advisable.

After assessment has taken place, parents must be informed and invited into school to discuss the findings as soon as it is reasonably possible to do so.

### 8.4.2 SEN Support Programme

A pupil is provided with SEN specialist teaching and an individual programme of study if it is felt that staff, in consultation with the SENCO, have identified that the child has special educational needs which require additional and specialist teaching / support. Interventions are necessary that are additional to or different from those provided as part of the school's usual differentiated curriculum. Evidence-based provision is deployed according to individual needs.

An SEN Support Plan and targeted IEP is then drawn up by the SENCO in consultation with the class / form teacher for these pupils, which is reviewed and rewritten three times per year in consultation with the parents or carers of the pupil. Pupils will be encouraged to assess their progress and contribute their views. Where significant progress is made, the class teacher and SENCO may decide that the child no longer requires specialist support, but the child will be carefully monitored by the teacher whilst still receiving any necessary differentiation. At this time, the SENCO may set targets to ensure that progress is maintained, the parents or carers will be informed and their views taken into account before the decision is made.

During this time, the class / form teacher should continue with differentiated strategies, including using different tasks as well as varied support provision and revised outcomes, adapting these in consultation with the support teacher and/or SENCO so that, together, they meet the child's needs.

If a pupil's SEN requires a higher level of intervention and support, and despite receiving an individual programme they continue to make little progress, the SENCO works with the class / form teacher to complete forms for referral to outside agencies, and the SENCO provides documentation to support the referral.

Where a report from an outside consultant has been provided, the school must have regard to this guidance for up to three years, after which the report is no longer valid. Either a new report should then be obtained or the pupil's needs should be re-assessed.

Where intervention proves successful, the child may revert to the SEN Support Programme. Again, the views of the pupil and parents or carers will be taken into account, and parents or carers wishes will be respected.

For a very small number of pupils, the SEN Support Programme may still not adequately support their needs. At this point, parents can request an Education Health and Care (EHC) Plan assessment from the Local Education Authority (LEA), preferably with the support of the teachers and SENCO, and following consultation with the Headmaster. The SENCO, with the advice of the class teacher and other teachers, will fill in all the forms sent by the authority and will liaise with the parents and the authority about assessment criteria.

### 9 EHC Plans

Where a child has an Education Health and Care Plan (EHCP) it will be reviewed annually, working with the local authority as appropriate. Schools must also make sure that particulars of educational and welfare provision for pupils with EHC Plans is made available to parents, parents of prospective pupils and, on request, to the Chief Inspector, Secretary of State or independent inspectorate.

### 10 Recording SEND

We are required by law to keep a record of those pupils who have been identified as having SEND, and the provision we make for such pupils. For each pupil with SEND, the SENCO will record on the school data management system their broad area/s of need as listed above, as well as a description of any specific areas of need. This will make up the school SEND register. Where a pupil no longer requires the additional provision or support, the entry will be deleted from the SEND register.

### 11 External Agencies

We always work proactively and collaboratively with external agencies.

### 12 Exam Concessions

Exam boards set out the regulations that all schools are required to follow when considering exam concessions. Schools are required to make 'reasonable adjustments' while ensuring that no pupil is given an 'unfair advantage'. The Learning Support Team will assess needs and update the evidence.

### 13 Use of Laptops and Word Processing

If a report by an Educational Psychologist or other professional, such as an Occupational Therapist, recommends the use of a laptop in class, pupils should aim to type faster than they write and touch typing classes are suggested to support this. If the laptop is part of a normal way of working in lessons, then it may be used in examinations.

### 14 Extra Time

In order to qualify for extra time in an examination, the school will adhere to exam board regulations. Alongside specific assessment test outcomes stipulated by exam boards, it is usual practice to demonstrate that the use of additional time is part of a normal way of working in school.

### 15 Transition

15.1 Transition can be challenging for many children, but in particular for those pupils with SEND. The following key principles are adhered to in order to support successful transitions for children with SEND. Transition arrangements are made for pupils needing significant support with SEND matters in collaboration with the family, the receiving school and any outside agencies involved:

- An exchange of effective and meaningful documentation in order to understand prior learning need.
- Head of Learning Support will contact the previous school.

15.2 Where children with SEND leave the school, the SENCO will work cooperatively with the receiving school to provide information about the pupil.

### 16 Management and Roles

All schools have duties under the Equality Act 2010, not only to ensure that 'reasonable adjustments' are made for pupils already attending the school, but also to consider what might be needed to ensure that any future pupils with a disability are not disadvantaged. The Senior Leadership Team, led by the Headmaster, should regularly review how expertise and resources used to address SEND can be used to build the quality of whole-school provision as part of their approach to school improvement. To ensure best practice, the SENCO is an experienced, qualified teacher.

### 17 Document Retention

17.1 We are required to keep SEND documents for specified amounts of time in accordance with legislation. Please see the Data Retention Policy for specific guidelines.

### 18 Complaints

18.1 All complaints should be dealt with via the school's agreed Complaint Procedure.
